

LM200/10

Technical Specs

ENGINE	7HP / 2900 rpm RATO Petrol
AIR FLOW RATE	9.4 CFM (265ltr/min) Free Air
MAXIMUM PRESSURE	145 psi (10 Bar)
NOISE LEVEL	80 dB LpA / 94 dB LwA
FUEL TANK CAPACITY	3.6 ltr
WEIGHT	37kg

Benefits and Features

- V-Configuration oil-less compressor pump
- Oil Free Air Production
- Tankless Design
- Cast Aluminium Construction
- Unique connecting rod system for perfect balance
- Heat-Treated Components for longer life
- Auto discharge idling valve
- stainless steal valves
- Air cooling radiator with pressure stabilising valve
- Heavy duty flexible reinforced delivery pipe
- Full wrap around frame with built in trolley
- Supplied with “instantair” coupler
- Condensate filter
